Brown County United Way seeks collection sites for 2005 Community Health and Hygiene Drive

The Brown County United Way is seeking collection sites for the 2005 Community Health and Hygiene Drive, which will take place from August 18 to September 29.

In 2004, 23 companies held drives with their employees and 25 businesses accepted items from the entire community. The drive collected more than 11,000 items, ranging from laundry detergent and diapers to shampoo and toilet paper, which were distributed to 34 sites in our community.

The goal is this year is to collect at least 20,000 health and hygiene items to distribute within the Brown County community.

This is the only health and hygiene product drive in Brown County, so help is urgently needed and appreciated.

Health and hygiene products are important to the needy of our community because these items cannot be purchased with Food Stamps, yet they're essential to people's everyday lives.

To become a collection site, please contact Vicki Cornell, Brown County United Way Communications Manager at 432-3393 ext. 8625 or email vicki@browncountyunitedway.org by Friday, July 29, 2005.
